

PARAG KHANKARI | INFORMATION SECURITY ANALYST | GRC ANALYST

Location: Boston, MA | Ph: +1 857-832-1623 | parag.analytics1998@gmail.com

PROFESSIONAL SUMMARY

Security & GRC Analyst with 3+ years experience in **SOC 2, NIST, HIPAA, PCI-DSS, and ISO 27001**. Skilled in **AWS** security, vulnerability management, incident response, phishing simulations, and audit readiness using **SIEM, EDR, Qualys, Drata**.

PROFESSIONAL EXPERIENCE

Com-Sec LLC | Information Security & GRC Analyst | (Remote)

Sep 2023 – Present

- Developed and enforced end-user security roles, access controls, and 25+ policies aligned with **SOC 2, ISO 27001, HIPAA, PCI-DSS, GDPR, and NIST 800-53/171**, ensuring 100% audit readiness across 10+ client environments.
- Administered and optimized **GRC** platforms (**Drata, Vanta**) by mapping **200+** controls, automating evidence collection with **AI-driven** workflows, and cutting manual audit preparation time by 50%.
- Performed enterprise **risk** and **vendor** assessments in **Drata**, onboarding 30+ vendors, evaluating security questionnaires, and mitigating 20+ high-risk findings to strengthen third-party security posture.
- Collaborated with **auditors, risk**, and engineering teams under **Agile** sprints to validate controls, close compliance gaps, and maintain continuous readiness for **SOC 2, HIPAA, and ISO 27001** audits.
- Tracked and remediated security gaps through **Jira**, driving timely closure of 100+ compliance tasks and achieving a 40% reduction in open vulnerabilities across client projects.
- Led **AI-based** automation initiatives for **evidence collection** and **control mapping** in **Drata/Vanta**, reducing analyst workload by 40% and accelerating compliance cycles across frameworks.
- Enhanced **AWS cloud** and endpoint security posture by integrating **GuardDuty, CloudTrail, and CrowdStrike**, cutting misconfigurations and dwell time by 30% while improving detection coverage.

Zensar Technologies | Information Security Analyst | India

Jun 2020 – Aug 2022

- Secured the **Fleet Management platform** by monitoring **SIEM** tools (**Splunk, QRadar**) and analyzing system logs, reducing potential downtime and improving incident detection.
- Supported **ISO 27001 & NIST** compliance by documenting security controls, preparing risk registers, and assisting auditors with evidence from fleet application logs.
- Conducted vendor risk reviews and **third-party assessments** tied to the fleet platform's integrations, ensuring supplier security aligned with **ISO 27001** standards.
- Strengthened **AWS cloud security (S3, EC2, IAM, CloudTrail)** for the fleet application by enforcing RBAC, encryption, and automated alerts, reducing misconfigurations by 35%.
- Collaborated with compliance teams and stakeholders to close control gaps and improve audit readiness by 25%.

TECHNICAL SKILLS

Governance, Risk & Compliance (GRC):	SOC 2, ISO 27001, NIST CSF, HIPAA, PCI-DSS, Risk Assessments, Vendor Risk, Audit Readiness, BCDR, Incident Response
Security Operations:	SIEM (Splunk, QRadar), EDR (CrowdStrike, Microsoft Defender), Vulnerability Management (Qualys, Nessus, ASV), IDS/IPS, Phishing Simulations (GoPhish)
Cloud Security:	AWS (GuardDuty, CloudTrail, Config, IAM, S3, EC2), Azure Security Center, Cloud Compliance & Access Controls
GRC Platforms & Audit Tools:	Drata, Vanta, Jira, Confluence, ServiceNow, Compliance Dashboards
Frameworks & Methodologies:	Agile/Scrum, SDLC, Incident Response (IR), Business Continuity (BCDR), Security Awareness Training

EDUCATION

Master of Science in Information Systems – Northeastern University, Boston, MA, USA

Sep 2022 – May 2024

Bachelor of Engineering in Computer Science – Savitribai Phule University, Pune, MH, India

May 2016 – Jun 2020
